

## Eric Monday Named EVPFA

November 27, 2012

Colleagues and Students,

I am pleased to announce that Eric N. Monday has accepted the position of UK's Executive Vice President for Finance and Administration. I am grateful to all of those who attended an open forum with him two weeks ago and provided feedback.

Eric will join us in late December or January.

Eric is currently Vice Chancellor for Finance and Administrative Services and Chief Financial Officer at Louisiana State University. At the flagship university located in Baton Rouge, Louisiana, he oversees some 1,200 employees and is responsible, among other things, for building and sustaining a university budget of more than \$800 million annually.

Eric has more than 15 years of experience in higher education in a variety of important positions, including helping lead student life and emergency operations at LSU. I have attached his vita for your information at [http://www.uky.edu/PR/News/12-11-26 Eric Monday Resume.pdf](http://www.uky.edu/PR/News/12-11-26_Eric_Monday_Resume.pdf).

I hope you will join me in welcoming Eric and his family to our family at UK.

Eli Capilouto  
President
