

Take CATS Survey Early for Chance to Win Prizes

Mar. 3, 2015

UK Community,

As you may know, the CATS survey (Campus Attitudes Toward Safety) is now open for you to complete.

If you complete it before fall class registration starts on March 30, you will be eligible for weekly prize drawings. Some of the prizes include a \$250 cash reward, parking permits for one academic year, free dining vouchers on campus and more.

For more details please visit www.uky.edu/CATSseesafety.

At UK, your success and your safety are our top priorities. This survey is a critical part of ensuring that we create and sustain the type of environment we all want for our UK community.

Safety, though, is something for which we are all responsible — faculty, staff, administrators and all of you who call this community home. Thank you for your commitment to this process and for looking out for each other.

See blue. see safety.
