

Welcome Back from the UK Family

Aug. 26, 2015

Dear Colleagues and Students,

Over the last month, our faculty, staff and students have been returning to campus to begin their work for the 2015-16 academic year. As campus grows more vibrant with each passing day, I'm reminded of the transformative experience this place offers to those we serve.

We are fostering a true sense of community at UK, and we share a deep commitment to serving others through outstanding higher education, pioneering research and creative scholarship, impactful service, and sophisticated health care.

As we begin a new semester, please enjoy the thoughtful words of your colleagues and their dedication to this special place.

Welcome home, Wildcats.

Sincerely,

Eli Capilouto
President
